## TRUCK STOLEN IN HARRISON COUNTY FOUND WEDNESDAY

A 1956 Chevrolet pickup truck, which was stolen in Harrison County some time last week, was found by Sheriff Sylvan Ladner and Deputy Nathan Garriga Wednesday morning.

W. H. Harker, notified officer, the truck had been in the vicinity since Monday. After checking with Harrison County authorities, Sheriff Ladner was told it had been stolen from the Lawrence Hill Building Material Dealers in Hainsboro. A check-writing machine was also recovered in the truck, the Sheriff added.

The vehicle, which was abandoned on a side road about 200 feet off Highway 90, and the machine have been turned over to the owners.

Ladner further said two cars and a truck which were stolen and abandoned in Hancock County in the last week, had been recovered by his force.

## FIRE DESTROYS HOME OF GIVEANS AT PEARLINGTON, MISS.

Fire of unknown origin destroyed the home of Mr. and Mrs. J. E. Giveans at Pearlington, Miss., Thursday, November 20.

Mrs. Giveans, her two children and some of her relatives who were visiting at the time were in the home. Smoke was seen coming from the attic by one of the guests as he was leaving.

After taking the children out of the house, Mrs. Giveans started back to turn off the gas but the fire had spread so fast that she could not enter. The fire in the attic had apparently been burning for some time before it was discovered.

Mr. Giveans was called from work, but when he reached the scene the dwelling had burned to its foundation.

The home, which was recently completed, carried an insurance policy for \$10,000. The total loss, including furniture and clothes, was a total loss.

## Plan Benefit For Pearlington Family

A coffee party to which the public is invited will be held at St. Joseph Parish Hall in Pearlington Saturday, November 29, at 7:30 p. m.

The party will be sponsored by the Ladies Altar Society of Pearlington for the benefit of the J. E. Giveans family whose home was destroyed by fire on Nov. 20.

Coffee and cake will be served free. Donations will be taken for this worthy cause.

## Herbert L. Laudon Died November 11 West Bend, Wisconsin

Herbert L. Laudon, age 69, died Nov. 11, in West Bend, Wisconsin.

Mr. Laudon, a former resident, served as Waveland's postmaster from 1923 to 1933. In 1933 with his wife and family he returned to his former home in Milwaukee, Wisconsin.

His first visit back to the coast was last March, when he and his son spent several days with the R. G. Hubbard and H. A. Thompson families. During his stay, he renewed old friendships and was amazed at the way the town had grown since his departure 25 years before. He had expressed a hope of coming back for another visit.

His wife, Mrs. Laura Thompson, a cousin of Mrs. H. A. Thompson, of Waveland, died in 1937.

Mr. Laudon is survived by a son, Herbert Jr.; one daughter, Mrs. Dorothy Cisevski, and two grandchildren.

Funeral services were held in West Bend, Wisconsin, November 13.

## Taken Ill

Harry C. Mayer was taken ill Tuesday night and removed from his home on North Beach to Hancock County Hospital. His friends wish him a speedy recovery.

## Present Plans For School Additions

From observing the architect's plans of our proposed building program, you can readily see that we have included all of our district in planning additional building facilities: a 16 classroom school building to be located on Dunbar Avenue in Bay St. Louis, which will include grades 4 through 8. This building will relieve the crowded conditions now existing at Bay Central School; a four-room classroom addition to the Valens C. Jones Colored School for lower elementary. This addition will relieve crowded conditions which now exist in the lower elementary departments of the Valens C. Jones School; and a lunchroom addition to the Waveland School that is very much needed there. We are doing our best to equalize facilities for both white and colored students, and teachers (throughout our school system).

Listed below are the true figures showing increase in enrollment for the last five years.

## MELVIN T. "MEL" OTT, DIED FRIDAY AT NEW ORLEANS

Melvin T. "Mel" Ott, 49, baseball Hall of Fame member, died Friday, November 21 at 12:55 p. m. in Tour Infirmiry, New Orleans.

Ott and his wife were critically injured Nov. 14 in a two-car collision on Highway 90 near Bay St. Louis. Leslie Curry, driver of the other car involved, was killed instantly.

Ott is survived by his wife, who was transferred from Gulfport Memorial Hospital to a New Orleans hospital last Friday; two daughters, Mrs. Phillip Loria and Miss Barbara Ott; his mother, Mrs. Charles Ott, Sr., of Gretna, La.; a brother, Charles Ott, of Harvey; a sister, Mrs. Louis Rhodes, of Gretna and one grandson.

Death came in the operating room as doctors were preparing Ott for surgery, the second in less than 24 hours. He had undergone a seven-and-one-half hour operation Thursday night. He was said to have rallied after surgery in Gulfport Memorial Hospital, but unexpected kidney complications set in and he was transferred to Tour Infirmiry for further surgery.

Final rites were held at 2:00 p. m. Saturday, November 22, from the P. J. McMahon & Sons Funeral Home, Inc., with Lutheran religious services conducted at the funeral home. Interment was in Metairie cemetery.

## Three Escapees Apprehended

Bruce Emile Walter and Michael Angelo Sava, parole violators, who entered Louis's Praline Shop on Highway 90, November 12, were apprehended by the FBI in Hialeah, Florida.

Sheriff Ladner stated the pair stole a 1962 Chevrolet in Montgomery, Ala., around Nov. 10, and drove to New Orleans. On their return trip they broke into the praline shop and stole a large amount of fireworks and cigarettes, which have been recovered.

They are being detained by the police department in Hialeah.

## Funeral Services Held For Mrs. Carrere On Wednesday, Nov. 26

Funeral services were held for Mrs. Claudia Claverie Carrere Wednesday, November 26, at 10:30 a. m.

Mrs. Carrere, a native of New Orleans, died Monday, November 24 at 4:20 p. m. She was the wife of Edouard C. Carrere; mother of Mrs. William A. Relis, Jr., of Sheboygan, Wis., and Edouard C. Carrere of New Orleans; daughter of Mrs. August J. Claverie and the late August J. Claverie. Survivors also include two brothers, Cyril D. and Louis B. Claverie and 10 grandchildren.

The Carreres have maintained a home in Waveland for over 35 years.

Mrs. Carrere was noted for her work in religious and civic circles.

She was a member of the Kings Daughters and Sons Hospital Board in Bay St. Louis for a number of years and served as president for seven years.

Final rites took place at the Home of Bultman followed by a Requiem Mass at Holy Name of Jesus Church. Interment was in Metairie cemetery.

## Plan Shooting Match For Bourgeois Fund

The Veterans of Foreign War will sponsor a shooting match December 21 at 2:30 p. m. at the Scaife Wheel Inn.

Commander Nolan Kingston said that the proceeds will go to the Tony Bourgeois Fund and that tickets can be obtained from any V. F. W. member.

**Miss. Power Company  
Seeks Other Investor-Owner  
Utility Companies**

W. J. Watson, Jr., president of the Atomic Energy Commission, said today that the Mississippi Power Company has joined with other utility companies to support the development of a prototype construction of a high temperature, gas-cooled nuclear reactor which will provide a major short cut to the nation's goal of economic electricity from the atom.

A proposal was submitted to the Atomic Energy Commission in Washington Friday morning by the Philadelphia Electric Company and the Mississippi Power Company. The proposal is for a high temperature, gas-cooled nuclear reactor which will provide a major short cut to the nation's goal of economic electricity from the atom.

The proposal was submitted to the Atomic Energy Commission in Washington Friday morning by the Philadelphia Electric Company and the Mississippi Power Company. The proposal is for a high temperature, gas-cooled nuclear reactor which will provide a major short cut to the nation's goal of economic electricity from the atom.

organization incorporated for the general purpose of nuclear energy research and development. The company is located in states from New York to California, as well as Hawaii. It is the largest and most widely representative group of U. S. private utility companies to support a single nuclear power project thus far.

In announcing the role of Mississippi Power Company in the proposed project, Mr. Watson said, "Our Company is vitally interested in the peaceful application of producing electricity from the atom. For several years, Miss. Power Company has been actively participating with other companies in the actual construction of an experimental fast breeder atomic reactor known as the Enrico Fermi Power Plant now nearing completion at Lagoona Beach, Michigan. This atomic plant is being built by the Power Reactor Development Company under the AEC Reactor Demonstration Program. All of the companies of The Southern Company system which comprises the Alabama, Georgia, Gulf and Mississippi Power Companies are assisting in this program and are affiliated with the High Temperature Reactor Development Association as well. Our Company will benefit greatly in the future from the knowledge and experience gained in the design, construction and operation of these plants.

The construction cost of the new plant will be borne under a fixed price contract by Philadelphia Electric and the other utilities. Government assistance is requested for additional research and development costs in accordance with the offer of such assistance by the AEC in their invitation.

The proposal filed with the AEC stated that the development of the high temperature, gas-cooled reactor and the construction and operation of the prototype plant will be a significant and substantial step toward achievement of economically competitive power. This type of reactor embodies all of the characteristics necessary for the attainment of this goal.

The new plant is designated to produce 40,000 kilowatts of electricity from steam at 1,000 degrees F and 1450 pounds pressure per square inch, using the graphite-canned fuel elements.

The proposal submitted to AEC states that the proposed plant is fully adequate in size and design to demonstrate and evaluate the technological and economic features of this concept and to enable larger commercial type units to be built without additional or intermediate scale prototypes. The fuel size and core configuration are such that extension to larger plants is simple and direct. For this reason, the sponsors feel that the development and construction of this plant will provide a short cut to the goal of economic nuclear power.

**A sad happening on Saturday night was the death of Mrs. Adam Russell.**

Mrs. Russell had enjoyed Saturday in her large yard picking up pecans. She became ill on Saturday about 10:30 p. m. while preparing to retire. Before a doctor could be reached, Mrs. Russell had died.

She is survived by three sisters: Mrs. Emma Reese, Mrs. Lillian Boyd, Mrs. E. F. Andy and one brother, Charles Jorns, all of New Orleans.

Mrs. Russell leaves her husband, Adam Russell and daughters, Miss Hilda Russell and Mrs. A. J. Chagnard and a son, Ronald; also one granddaughter, Elaine Chagnard.

Brother Kermit Rouse and Brother J. C. Rousseau of the Methodist Church officiated with services Monday at the Fahey Funeral parlor.

The ladies of the Eastern Star conducted the services at the cemetery. Mrs. Russell will be missed by her family and her many friends. She was a good citizen, mother and friend.

This column extends sincere sympathy.

Mrs. J. C. Rousseau attended the recent meeting of the Ozona Garden Club of Covington, La. Mrs. Russell.

**Jack A. Lee Elected  
President of MADA At  
Convention Recently**

Jackson—An atmosphere of enthusiasm over a strongly indicated successful business climate gripped the Mississippi Automobile Dealers Association's 17th anniversary convention at the Bussa Vista Hotel in Biloxi on November 15-16.

Without exception the several leaders in the automotive industry and related fields who addressed the more than 300 in attendance, struck an optimistic note in viewing the year ahead for dealers.

Emphasis was placed on salesmanship, customer service and the strengthening of MADA membership.

Jack E. Lee, of Forest, was elected president for the new year in which MADA members are pledged to put their "best foot forward" in a program designed to be beneficial to dealers and customers alike. Mr. Lee succeeds W. T. (Buster) Brown of Greenville.

Other officers elected are John D. Wise of Hazlehurst, southern district vice president; H. L. Roberts of Shelby, central district vice president; Harry J. Vickery of Houston, northern district vice president and Roy D. Burrow of Laurel, secretary-treasurer.

S. E. (Ed) Kossman of Cleveland and Carl G. Wallace of Hazlehurst continue as MADA Director and state manager, respectively.

Newly elected directors include Arch Hardin of Columbia first district; Bill Gullidge of Senatobia, second district; Frank Baker of Indianola, third district; Braxwell Allen of Grenada, fourth district; G. C. Hankins of Raleigh and B. J. Milling of Union, fifth district; B. W. Pittman of Poplarville, sixth district; and Jimmy E. Fowler of Jackson, seventh district.

Now, what was for many years home to a large and happy family is now a show place of the Mississippi Gulf Coast, giving Twentieth Century people a glimpse into life as it once was lived in the Deep South.

**KC News**

We extend our sincere thanks to all who devoted their time in assisting at the annual five foot race. Classed with was especially so. Thanking the Auxiliary of the K. of C.

Congratulations to Mr. and Mrs. Lucien Kidd on the arrival of their daughter, Lucinda Grace. Lucinda Grace made her appearance on November 21, 1958 and weighed eight pounds, six ounces. Mother and daughter are doing nicely.

Next regular meeting of the Council will be on Monday, December 1st.

The Pass Christian Council will sponsor a dance at the VFW Home in Pass Christian this coming Saturday, November 29th.

Date for the Annual K. of C. Party for the children will be announced at the next meeting.

I AM NOT ENTERED IN A "BABY CONTEST" AND I HAVE NEVER WON ANY PRIZES. I CANNOT REMEMBER MY NAME. CAN YOU TELL ME WHO I AM, PLEASE?

I have been a member of the Pere LeDuc Council for several years. My birthday is very prominent. I reside in Hancock County. I have considerably less hair now and the number of teeth is about the same when this picture was taken.

**RESTORED OLD CANYON  
WILL GIVE FULL STORY**

Tourists in Mississippi will be able soon to grasp a thorough history lesson by taking a leisurely stroll through the 118-year-old State Capitol at Jackson. Architects and state historians are at work to complete a million-dollar restoration of the old structure. Well-planned exhibits and neatly arranged displays on the ground floor of the four-story building in downtown Jackson will tell the tourist every stage in the development of Mississippi from the archeological site to the industrial might of contemporary life.

Happy birthday to Fred Robinson, who will celebrate the occasion on November 29th.

Our sympathies are extended to Mrs. Lillian Chagnard in the loss of her mother, Mrs. Adam Russell, who died last Saturday.

It has been suggested that photos of members of the Auxiliary be included in this column and at an early date we will begin alternating with members from both organizations.

While the Church is a place where we almost always go, it is also a place where we can find a lot of things that we didn't know about.

It seems that we have given out a lot of good things, but we haven't given out a lot of good things yet.

News from the church is that we are almost ready to go to the next week.

Members of the church are collecting food for the needy. They will be making a collection on Bay St. Louis.

are essential, but industry also a citizenship sympathetic with its aims in harmonious surroundings. Free enterprise thrives only where there is a good business climate, and men and women are attracted to the American Way and have faith in its superiority over all other economic and political systems. We cannot expect to prosper half free.

Industrial revival in the South is now well under way, so these are promising days for the South. Electrified, enlightened and united together, its people are on their way to a more abundant life.

## State's Business, Industry Raises \$43,000 For 4-H Club Foundation

Businessmen of Mississippi, who raised \$42,500 in a continuing campaign in support of the State's 4-H Club Foundation, heard a report of progress at a meeting in Jackson, Miss., today. The group, which represented 20 Southwestern Mississippi counties, heard a talk by Britt Gustafson, international farm advisor, who is spending two and a half months in Mississippi and is currently visiting in Scott County. The Mississippi 4-H Club Foundation is a participant in the exchange program.

They also heard a group of 4-H girls from Raymond put on a skit on "How to become a citizen of the United States." Included in the skit were Mary Nell Hamilton, Dorothy Holliday, Jean Harrison, Judy Herring, Ann Stephenson, and Phyl Kimball.

Taylor, who reviewed the purposes of the Foundation, said there is a great need for more exchange for youth between Mississippi and other states to promote better understanding.

The Foundation has sponsored exchange of 4-H members between Mississippi and Minnesota for several years, as well as supporting the four 4-H Club camps.

### DAIRY TIPS

Your dairy herd ready for selling unprofitable cows? Best prices are good. Here are some tips to help you advance and soon to go dry, yet safe in case low production; cows with diseased udders; cows with damaged udders producing far below the average.

Plenty of hay and silage fed, a balanced ration given to production. You can save hay eaten by feeding it six times a day—in this cows eat more and waste less.

Give cows protection from camp weather. Good shelter and help up milk yields.

It is the cheapest part of the 24-hour-a-day.

When daily herd on a bus, time footing and realize the you should make from an dairy program.

**TIPS OF TIMING**  
Give the soil to the desired more phosphorus and available for growing crops. Acid-forming affect soil nitrogen.

Can furnish calcium and magnesium for plant time helps increase the of beneficial bacteria in time helps produce bet-

### ter legume stands and makes most other crops more vigorous.

**FERTILIZING**  
For figs apply 4-5 lbs. 8-8-8 or its equivalent per mature bearing bush or plant, proportionally less for younger plants, applied uniformly around the trunk out beyond the extent of the branches and mixed somewhat with the soil as an early treatment.

When fertilizing properly or doing a good job of fertilizing citrus trees it is necessary to use a split application of fertilizer. This is true because citrus trees have what we call three flushes of growth each season. The first occurring in late January and early February, the second in late May or early June and the third in late October or early November. Therefore, one-half of the recommended fertilizer should be applied as an early spring treatment in late January and the second half of the fertilizer applied in late May or early June. With this thought in mind use a total of 9 to 12 lbs. of 8-8-8 per mature bearing tree. Both the first and second treatment of fertilizer should be applied uniformly around the base of the tree out beyond the extent of the branches and mixed somewhat with the soil.

For Golden Rain and Mimosa trees use 4 pounds 8-8-8 or its equivalent per inch in trunk diameter at breast-height, as an early spring treatment applied uniformly around the base of the tree out beyond the extent of the branches and mixed somewhat with the soil.

### BLIND PROGRAM GETS NOTABLE RESULTS

One program from which Mississippi taxpayers receive full value is the rehabilitation of the blind. Rehabilitation services are

### Morning Circle Of WSCS Holds Regular Meeting

The Morning Circle of the Woman's Society of Christian Service, Main Street Methodist Church met in the home of Mrs. John McDonald on Wednesday, November 22nd at 10 a. m. with Mrs. C. C. McDonald, Jr. as co-hostess. Mrs. Paul Miller, chairman, opened the meeting with prayer. Mesdames T. T. Robin, Herbert Finlay and Paul Kimball gave the program on "Christian Concern of Our North American Neighbors," and Mrs. A. M. Ellison, Jr., gave the devotional. Mrs. Miller presided over the business session and introduced Mrs. J. W. Clark as a new member. There were seventeen present.

### Legion Auxiliary Juniors Attend Picnic

Members of the American Legion Auxiliary Junior group who marched in the Veterans' Day parade attended a picnic Saturday given by Mrs. Erwin Nease, member of the Junior Activities Committee.

The group of girls played numerous games and were served a picnic lunch at the home of Mrs. Nease.

Those attending were Miss Margaret Moreau, president of the junior group; Lyndell Schindler, Janet Beal, Suzanne Brown, Diane Carver, Cynthia Dedaux, Jeanie Rutherford, Pam Pfeiffer, Nikki Romanoff, Sheila Favre, Stephanie Luxich, Linda Luxich, guests were Sandra and Peggy Bernard, Cheryl and Ann Carver, Janet Blaise and Lisa Mond.

### MODERN HOSPITAL HAS VITAL COMMUNITY ROLE

The modern hospital has a vital community role in health progress and economic growth. The hospital is primarily a healing team of well-trained, highly skilled doctors and nurses, technicians and social workers, secretaries, engineers, dietitians, housekeepers and many other types of personnel. Unlike other businesses, there is no 9 to 5 sign in the hospital door, and no "gone fishing" card. Hospitals are open 24 hours a day, 365 days a year, in and year out—their doors never close.

available to all persons who are 50 per cent. blind or who have a progressive disease that will eventually cause blindness, who are 16 years of age or over, who are employable and who can meet a needs test. During the past three years Mississippi's program for rehabilitating blind persons has ranked high in the entire United States. Results of the program speak for themselves.
